

Understanding the Quarterly Compliance Reports

Clause B102 of the National Health Reform Agreement requires the Administrator to publish details of Commonwealth, state and territory (S&T) compliance with the data requirements specified in the Administrator's Data Plan. Clause I42 of the Addendum to the National Health Reform Agreement requires the Administrator to publish additional information in the compliance reports.

The format of the Quarterly Compliance Reports follows a standard structure, with relevant data requirements reflected in each quarter. The tables include the following information:

- Table 1 shows the reporting of each requirement by quarter
- Table 2 shows jurisdictional compliance with the Administrator's Data Plan
- Table 3 shows the data submission and re-submission dates for the annual or six-month activity data

Additional notes

1. Under the *National Health Reform Agreement*, states and territories are required to provide the Administrator with a copy of the annual Service Agreement (or an appropriately authorised schedule) they enter into with each of their LHNs, once agreed. The values shown above indicate the number of 2017-18 Service Agreements that have been provided to the Administrator as a proportion of the total number of LHNs as at the Data Compliance Report issue date. The LHN directory can be viewed at www.publichospitalfunding.gov.au/directory.
2. Includes Multi Purpose Services where in place of an individual Service Agreement, detail on deliverables is outlined in the Victorian Department of Health and Human Services Policy and Funding Guidelines, which is published on the Department's website. The Service Agreement count also includes Contracted Service LHN.
3. Some Service Level Agreements do not align to the estimated NWAU used for Commonwealth NHR funding. Due to the office of the Administrator being vacant in the last quarter of 2017-18, the updated Service Agreements could not be incorporated in the Commonwealth NHR funding calculation.
4. The non-compliance with the reporting requirements is noted.
